It is noted that the amount of long term notes outstanding decreased from \$21,250.00 to \$10,750.00, and the Net Debt from \$13,578.60 to \$5,885.28 during this period.

The assessed valuation of taxable property increased by \$413,721.00, or 40%, while the amount of the annual tax levy increased from \$41,196.00 to \$83,966.00, or 104%. Uncollected taxes at the close of the 1953 fiscal year amounted to only \$818.07, or less than 1% of the current year's tax levy.

The local average tax rate increased from \$3.84 to \$5.67 per hundred, compared to an increase in the average tax rate for the State during this period of \$3.03 to \$4.48.

It is noted that as of November 8, 1954, there were uncollected and unredeemed taxes on account of the Tax levies of 1951 and prior years as follows:

	Uncollected Taxes	Unredeemed Taxes
Levy of 1951	\$ 70.20	\$ 31.02
Levy of 1950	81.00	6.85
Levy of 1949	124.20	47.67
Levy of 1948	2.00	
	\$277.40	\$85.54

It is recommended that such taxes on these lists as appear to be uncollectible be abated and that tax deeds be issued to the town by Collector on properties represented by tax liens as indicated above.

Tax Collector's Records:

It is recommended that the Tax Collector adopt the use of the standard loose leaf columnar form of cash book. This provides for the segregation of property, poll, yield and head tax collections as well as redemptions from tax sales, by year of levy. The prescribed form of report should also be used when remittances are made to the Town Treasurer, indicating the breakdown of tax collections and redemptions as recorded in the cash book.

Town Treasurer's Surety Bond:

It is recommended that the surety bond of the Town Treasurer be increased from \$5,000.00 to \$10,000.00 in order that it may be more proportionate in amount to the funds handled by this official.

Conclusion:

The accounts of the town officials which we examined were found in good condition and the accounting and financial procedure conformed to prescribed methods. The provisions of Section 31, Chapter 211 of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report. This letter of transmittal should be included in its entirety but the inclusion of Exhibits is optional.

We extend our thanks to the officials of the Town of Warner for their assistance during the course of the audit.

Yours very truly,

Harold G. Fowler, Director

LIBRARIAN'S REPORT OF THE PILLSBURY FREE LIBRARY

For the year ending December 31, 1954

To the Trustees of Pillsbury Free Library and
Citizens of Warner:

The historical room has been enjoyed throughout the year by the school children as well as the adults. Many interesting papers and pictures have been added, and we welcome any articles of historic value, pertaining to Warner, from anyone who would contribute them to this room, to be kept safely, for future generations to enjoy. A tea was served by the officers of the Institute of World Affairs, to the Townspeople and out-of-Town guests in August, and an interesting book exhibit was on display during the week that this group convened in Warner.

An extremely interesting exhibit of the latest books on child education, which are in use by the teachers and children in our schools, was loaned by Mr. Milan Knight, principal of the Graded School, during National education week. This exhibit was kept in the library for Children's book week, too, and many availed themselves of the opportunity to examine them. We thank Mr. Knight for his cooperation with us.

Total number of books which were circulated during 1954 was 8,441, with a total of 175 new books added.

The magazine circulation is large.

Donors of books, maps, magazines and materials are: Mrs. Ernest Atkins, Mrs. Burton Tarbox, Mrs. H. A. Bendixon, Mr. L. W. Bigelow, Jr., Mrs. Alice Andrews, Mr. and Mrs. Adolphus Holton, Mr. and Mrs. Cofren, Mr. and Mrs. Robert West, Mrs. Alfred Easton, Mrs. Chester Gooch, Mrs. George C. Brown, Mrs. Cynthia Pike, Mr. Walter Miner, Eddie Parr, Mr. and Mrs. Frank Heffer, Mrs. Henry Wachsmuth, Miss Marian Derry, Mrs. Benj. Hunt, Miss Miriam Savory (and we extend our thanks to these kind folks.

The brass lamps in the reading room have been restored to their original brightness, and the original subdued green glass shades have been put on. Mrs. Lloyd Cogswell assisted the librarians with this improvement.

The living Christmas tree, which the Warner Woman's Club planted on the Library lawn, was lighted for the first time this year. Mr. Anderson connected the lead wire to it, and the civic improvement committee, Mrs. H. S. Martin, Mrs. J. Dall and Mrs. Robert LaDuke put on the lights, and we thank these people for adding beauty to our library during the holiday season.

The Trustees have met regularly for their quarterly meetings under the leadership of the board President, Mr. Walter Miner.

MRS. GEORGE H. HARMON, Librarian

MRS. BENJAMIN F. SAWYER, Asst. Librarian

FOREST FIRE WARDEN'S REPORT

Forest Fire Prevention is Everybody's Business

Carelessness is responsible for 97 percent of all our forest fires. This is a serious indictment of our interest in our own welfare and that of our neighbors. In too many instances this carelessness results in the destruction, not of the careless one's own property, but of someone not even known to him.

Thoughtlessly thrown lighted cigars, cigarettes and matches from moving vehicles by hikers, hunters and fishermen; the careless burning of debris during hazardous periods, high winds or in dangerous locations; improperly extinguished camp or cook fires - all add up to the CARELESSNESS that means serious loss of property, disruption of industry and farm work and unnecessary expenditure of town and state funds.

It points to the need of eliminating CARELESSNESS so far as it concerns fire from our daily life. The rules are simple - your cooperation is earnestly solicited.

1. Be careful with fire in or near woodlands.
2. Be sure that all lighted material — cigars, cigarettes and matches — is completely out before discarding it. Use ash trays in autos.
3. Secure the required written permission to burn from your local forest fire warden when the ground is not completely covered with snow.
4. Insist that others be careful and comply with burning requirements.
5. Call the warden promptly when fire is detected and aid him to extinguish it.

Let's remember that FOREST FIRE PREVENTION is EVERYBODY'S BUSINESS and our MOST IMPORTANT undertaking!

There has been only one change in the teaching staff this year. Miss Betty Barton of Presque Isle, Maine, replaced Mrs. Merle Kincade. This was a position I sought to replace all spring and summer with no success and didn't employ Miss Barton until the day before school opened.

This is an indication of the shortage of teachers. Back in 1950 it was predicted that for the next four or five years we would have an increasing number of children in our schools and that 1956 would be the peak year and then it would begin to taper off. However, in 1953 we had the greatest number of births in the history of the nation and this year will exceed last year's total births. Warner's population is fairly stable so we do not have the pressing problems that other communities have which show a sharp increase in population. We are affectedly indirectly as other towns not only have to replace teachers who have left the service, but, also get additional teachers. Hopkinton, for example, has four more teachers than they had four years ago and will have to add still more in the next few years. Warner has to compete with other towns in getting replacements from a decreasing supply.

As a matter of fact, Superintendents do not interview teachers any more. Teachers interview Superintendents. Girls that I talked with had offers of as many as five or six positions so they asked the questions. The questions were something like this; "How much is your starting salary? Do you have a salary schedule What kind of bus service do you have? Are the people of the community sympathetic to teacher problems? How many classes do I have to teach? Is there any activity for young people? If you cannot answer these

questions satisfactorily, they just aren't interested.

A committee has been working on the salary schedule for Warner. They have come up with some very modest recommendations which will be presented to the budget committee and the school district. You will be familiar with the details of this committee's report long before the town report is published. I think it is sufficient to say that it is an attempt to get and keep, for a reasonable time, good teachers.

Warner operates a high school which receives tuition pupils. It is surrounded on all sides by high schools that also receive tuition pupils. In order to maintain our enrollment of tuition pupils, we must maintain a good staff of teachers. Whatever your feeling may be about tuition pupils, if we did not have them, our high school program would be totally inadequate.

Several new courses have been added to the high school program and we hope to extend a mathematics program. This has been possible only because the teachers have been willing to take on extra classes. At the present time, all the teachers have extremely heavy teaching loads. The average teaching load in a high school is five classes. Most of our teachers have seven classes and, in addition, an outside activity which takes a considerable amount of time. Sometime another teacher should be added to the high school staff.

These are trying times for Education in America and in New Hampshire. Each year the cost of education in many communities increases, and the tax on real estate goes up and up. Yet, we have the children and they must be educated to the maximum of their ability if we are to survive in this world struggle of conflicting ideas.

I have enjoyed my work in Warner and the friendly cooperation of the school board, teachers and parents.

Superintendent of Schools
